www.spriglearning.com

Sprig Reading is a progress monitoring tool for teachers to regularly track reading progress, ensuring every student masters the foundational skills required to read at grade-level.

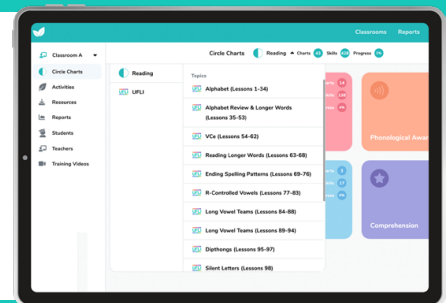

- ▶ Monitor student progress across 5 domains, 33 skill sets, 208 skills PLUS 220 high frequency words.

- ▶ Support differentiated instruction in whole group, small group, and individual intervention settings, monitoring skill progression against research-based benchmarks.

- ▶ Align to any existing third-party curriculum and/or local, State and Provincial standard to enhance existing instructional and assessment practices. **UFLI module now included!\***

\*[UFLI disclaimer](#)

The circle charts were a game changer in primary literacy. They allowed us to zone in on gaps and explicitly teach the foundational literacy skill that a child was missing.

Christy Fennell, Superintendent, SD 59 Peace River South

# Evidence-Based and Proven in Diverse Classrooms

Early literacy teams can achieve 90%+ reading proficiency for their classrooms.

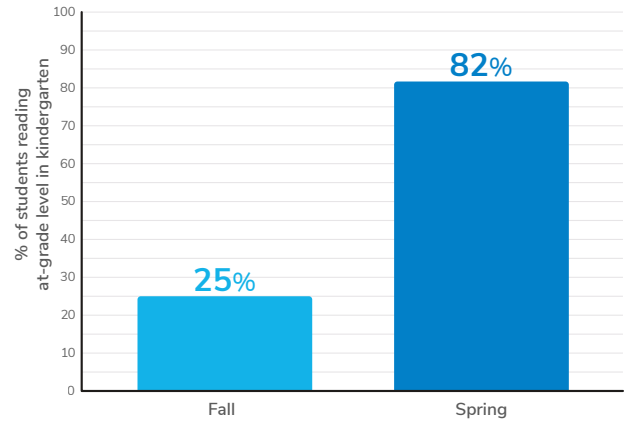

## Sustained Change Over Time

School Division A: Before and After Program Implementation  
Students Reading At Grade Level After Three Years

## Immediate Increase in One Year

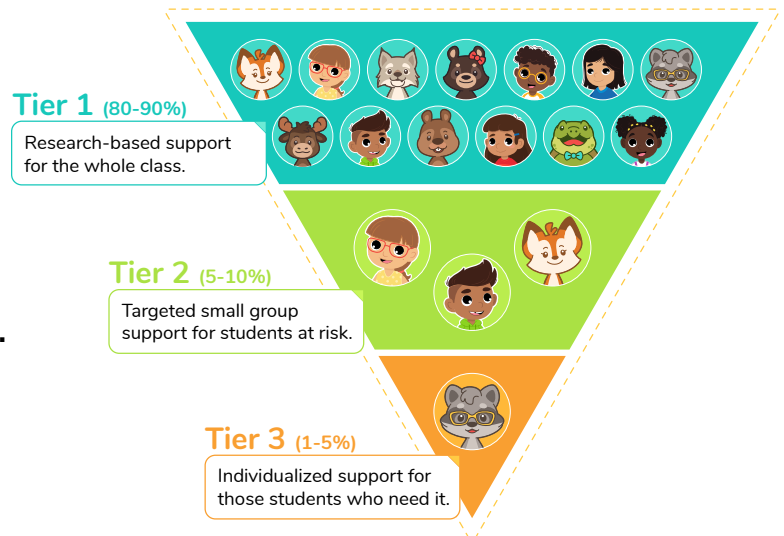

SOURCE: i-Ready Assessment, 2022-23

## Monitor Progress Differently. Ensure Every Student Can Read.

Research says 95% of students have the cognitive capacity to read.

Every student, regardless of their current reading level, background, or exceptionalities, can benefit from the proven approach of Sprig Reading. Every student's learning journey is unique and deserves personalized progress monitoring.

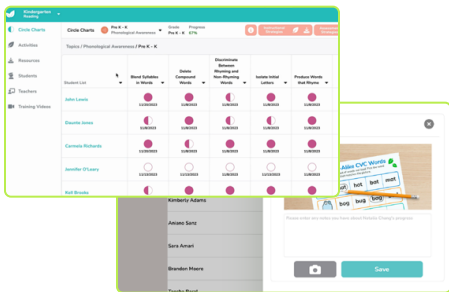

By the end of our first year, all of our kindergarteners were reading. 100% of them! This app works because it's research based. It has completely changed the trajectory of our students and the way I teach literacy.

Dianne Bassendowski, Principal of Windrem Elementary

## Intuitive and Multifunctional Circle Charts

Quickly track every student's foundational reading skills with our proven Circle Chart Methodology. Enrich assessments by capturing notes, video, and audio alongside your assessments.

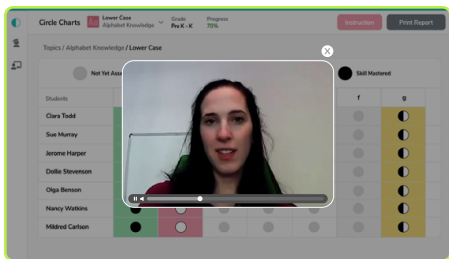

## Comprehensive Curricular Alignment

Seamlessly align over 200+ foundational literacy skills and high-frequency words with any evidence-based literacy framework, curriculum or local standard.

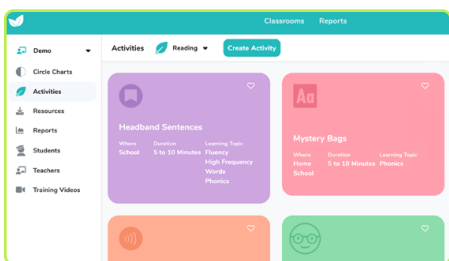

## Granular Roll-Up Reports

Easily show and compare progress with visual roll-up reports that highlight skills needing explicit instruction and practice, suggest potential student groupings, and display progress at the classroom, school, and district levels.

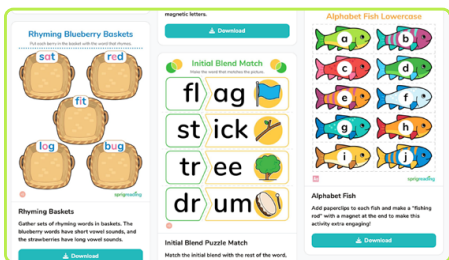

## On-Demand and Just-in-Time Professional Learning

Tap into the latest evidence-based professional learning videos embedded directly in the app, covering all foundational reading skills with clear explanations and classroom practical advice. In-depth professional development training is also available. Access course catalog.

## Instructional and Assessment Strategies and Personalized Activities

Instantly access in-app guidance for delivering instruction and assessments across all foundational reading skills, plus recommended classroom activities based on the individual needs of your students.

## Readymade Classroom Resources

Explore hundreds of valuable and printable resources to support your classroom instruction in foundational reading skills.
